**LENA**<sup>®</sup>

I can't wait  
to do it again  
next week!

Every week my class has  
a very special day.

We call it a **LENA Day!**

When it's time to go home, my teacher takes off the vest, turns off the device, and puts everything away until our next LENA Day.

It's not so different than a regular day.

So what makes it special?

We get to wear a **vest**  
and a **device**!

During the LENA Day  
we learn together,  
eat snacks together,  
play together,  
and have fun together!

Every LENA Day my teacher helps me put on the vest.

It's like playing dress up.

Amara pretends she is a superhero!

Ivan pretends he is a race car driver.

I leave the vest on all day.

I leave the device alone — I don't ever touch it or take it out of the pocket.

I imagine I am an astronaut!
